

VERSION 2

- pin 21, SPARE
- pin 40, ADS#, page 9-9, so needed because no address line to local device
- pin 37, LWR#, page 9-9, so needed because the RD# line only works in a single
- pin 41, BLAST#, page 9-9, not used by local device
- pin 31, BTERN#, page 9-10, not needed because will not be using burstmode (yet)
