Proposal of Comprehensive Exam Committee

Student's Name: _____

Field of Study: **EPS**

Examination Committee: Graduate Division states that the comprehensive examination will be conducted by "the graduate faculty or a subcommittee thereof". In the Department of Earth Sciences, this subcommittee consists of at least five members, at least two of whom must come from outside the student's Area of Interest. These two are drawn from two different areas of interest. The department currently recognizes four areas of interest: 1) Geophysics and Tectonics; 2) Marine and Environmental Geology; 3) Volcanology, Geochemistry, Petrology; 4) Planetary Geoscience and Remote Sensing. The examination committee must be approved by the Department Graduate Chair prior to the examination schedule (Form 1B).

1) Chairperson _____

2) Member outside student's area of interest _____

Area of interest _____

3) Member outside student's area of interest _____

Area of interest _____

4) Member _____

5) Member _____

Optional

6) Member _____
