

PFRP Principal Investigators Workshop
December 9 - 11, 2003
East-West Center, Asia Room

Preliminary Program

Time	Presenters	Provisional Title
Tuesday, December 9		
9:00	John Sibert	Introductory Remarks
9:15	Keiichi Nemoto Minling Pan Sam Pooley	Regulatory Impact Analysis Framework for Hawaii Pelagic Fishery Management
9:40	Minling Pan Sam Pooley	Bigeye Prices and Oceanographic Factors
10:05		Break
10:30	John Kaneko Paul Bartram	A Self-Portrait of American Samoa's Alia Albacore Longline Fishery
10:55	Naresh Pradhan PingSun Leung	A Poisson Regression Model of Sea Turtle Interactions in Hawaii's Longline Fishery
11:20	Stewart Allen	Progress on the Sociological Baseline of Hawaii-Based Longline Fishery Project
11:45		Lunch
13:00	John Kaneko Paul Bartram	Measuring the "Environmental Baggage" in Global Marketing of Pelagic Longline Fishery Products
13:25	Yonat Swimmer Mike Musyl Lianne McNaughton Anders Nielson Richard Brill Randall Arauz	Sea Turtles and Longline Fisheries: Impacts and Mitigation Experiments
13:50	Ben Bolker	Bayesian Hierarchical Methods for Mixed Stock Analysis of Sea Turtles
14:15	Patrick Hyder	Migration and Abundances of Bigeye Tuna (<i>Thunnus obesus</i>) Inferred from Catch Rates and their Relation to Variations in the Ocean Environment
14:40		Break
15:05	Russ Moffitt	An Oceanographic Atlas of the Pacific and Selected Island Regions - a Tool for Resource Management
15:30	Pierre Kleiber Keith Bigelow	Incorporating Oceanographic Data into Stock Assessments of Longline-caught Fishes
15:55	Brittany Graham Valerie Allain Brian Fry Robert Olson Felipe Galvan Magana Brian Popp	Trophic Structure and Tuna Movement in the Cold Tongue-Warm Pool Pelagic Ecosystem of the Equatorial Pacific *
16:20		Adjourn
16:30		Reception - Wailana Room (Garden Level, downstairs from Asia Room)

* Indicates preliminary title

PFRP Principal Investigators Workshop
December 9 - 11, 2003
East-West Center, Asia Room

Preliminary Program

Time	Presenters	Provisional Title
		Wednesday, December 10
8:30	Christopher Moyes Michael Musyl Richard Brill	Physiological Predictors of Blue Shark Survival
8:55	Christopher Moyes Michael Musyl Richard Brill Andrew West Lianne McNaughton	Predicting Post-release Survivability in Blue Marlin using PSATs and Biochemical Assays
9:20	Michael Musyl Richard Brill	Movements and Post-release Mortality in Oceanic Sharks tagged with PSATs
9:45	Richard Brill Michael Musyl	Fishery Interaction and Movements of Swordfish as Determined with PSATs
10:10		Break
10:35	Laurent Dagorn Kim Holland David Itano	Movement Patterns of Tunas in a Network of FADs around Oahu
11:00	Jeffrey Polovina Don Hawn Evan Howell Mike Seki	Results from PSAT Tags Attached to Large Pelagics
11:25	Michael Seki Donald Hawn Robert Nishimoto	Status of Research on the Biology and Ecology of the Monchong, <i>Taractichthys steindachneri</i>
11:50	Donald Hawn Michael Seki Robert Nishimoto Evan Howell Jeffrey Polovina	Status of Research on the Biology and Ecology of Opah, <i>Lampris guttatus</i>
12:15		Adjourn

* Indicates preliminary title

PFRP Principal Investigators Workshop
December 9 - 11, 2003
East-West Center, Asia Room

Preliminary Program

Time	Presenters	Provisional Title
		Thursday, December 11
8:30	John Sibert	Introduction to Data Rescue
8:45	Bill Michener	Ecoinformatics: Managing Data, Rescuing Data, and Changing the Science Culture
9:10	Jennifer Schultz Paul Dalzell	Recreational Fisheries Meta-data Project *
9:35	Jean-Marc Fromentin	Reconstructing Trends in Atlantic Bluefin Catch *
10:00	Peter Ward	Causes of Rapid Declines in World Billfish Catch Rates
10:25		Break
10:50	Bert Kikkawa	An Acquaintance with Ancient Fishery Data
11:15	Joan Parker	Discovering Data from the California State Fisheries Laboratory Library (1919-1994)
11:40	Hiroaki Okamoto	Review on the Japanese Fishery Data Before and Just after World War II
12:05	Tim Lawson	Gaps in Tuna Fishery Data for the Western and Central Pacific Ocean held by the SPC Oceanic Fisheries Programme
12:30		Adjourn

* Indicates preliminary title
