

**PFRP Principal Investigators Workshop**  
**November 14-15, 2005**  
**Imin Conference Center, Pacific Room**

<b>Time</b>	<b>Presenter</b>	<b>Provisional Title</b>
<b>Monday, November 14</b>		
<b>8:30 AM</b>		<b>Gathering and re-cafeination</b>
9:00 AM	John Sibert	Introductory Remarks
9:15 AM	Naresh Pradhan PingSun Leung	A Multiobjective Programming Model for Optimal Fleet Efforts: Incorporating Sea Turtle Interactions with Spatial and Seasonal Considerations in Hawaii Longline Fishery
9:35 AM	Junning Cai PingSun Leung Minling Pan Sam Pooley	Linkage of Fisheries Sectors to Hawaii's Economy and Economic Impacts of Longline Fishing Regulations
9:55 AM	Shichao Li Minling Pan	Rethinking Time/Area Closure for Turtle Take Reductions - Tradeoff between Turtle Take Reductions and Economic Impacts
10:15 AM	Quang Nguyen Minling Pan	Technology Changes and the Impact in Fishing Capacity in the Hawaii Longline Fleet
<b>10:35 AM</b>		<b>Break</b>
10:55 AM	Minling Pan Adam Griesemer	Economic Valuation of Fishing Tournaments in Hawaii
11:15 AM	Judith Amesbury	Archaeological and Historical Data on Pelagic Fisheries in Guam and the Northern Mariana Islands
11:35 AM	Edward Glazier	Human Dimensions Analysis of Hawaii's Ika-Shibi Fishery
11:55 AM	Amy Gough Stewart Allen	Hawaii-Based Longline Fishermens' Perceptions of and Experiences with the Observer Program
<b>12:15 PM</b>		<b>Lunch Break</b>
1:20 PM	Selina Heppell Molly Lutcavage	The Pacific-Atlantic Sea Turtle Assessment Project: Objectives and Progress
1:40 PM	David Kirby	Preliminary Simulations of Western Pacific Leatherback Movements using an Individual-based Model
2:00 PM	Mark Maunder	Lessons from an Adventure into Protected Species Modeling
2:20 PM	Jeremy Bisson David Duffy	How much Bait would an Albatross take if an Albatross could take Bait?
<b>2:40 PM</b>		<b>Break</b>
3:00 PM	Reka Domokos	<i>Oceanographic Influences on Catch Rates in the American Samoa Longline Fishery*</i>
3:20 PM	Evan Howell	<i>HL Fishery at 30N for Bigeye Tuna: Integrating Environmental, Longline, TDR, and PAT Tag Data*</i>
3:40 PM	William A. Walsh	Recent Progress in Analyses of Catch Data from Fishery Observers and in Logbooks
<b>4:00 PM</b>		<b>Adjourn</b>

**Times and titles subject to change without notice**

**PFRP Principal Investigators Workshop**  
**November 14-15, 2005**  
**Imin Conference Center, Pacific Room**

Tuesday, November 15		
<b>8:00 AM</b>		<b>Gathering and re-cafeination</b>
8:40 AM	Robert Olson Brittany Graham Felipe Galván-Magaña Brian Popp Valerie Allain Brian Fry	Seeking Trophic Clarity: Linking Stable Isotopes and Stomach Contents in the Pelagic Eastern Pacific Ocean
9:00 AM	Valerie Allain Brian Fry Robert Olson Felipe Galván-Magaña Brian N. Popp	<i>Diet of Tunas in the Pacific Ocean*</i>
9:20 AM	Brian Popp	Insight into Tuna Trophic Level and Physiology from Compound-specific Nitrogen Isotope Analysis of Proteinaceous Amino Acids
9:40 AM	Brittany Graham Brian Fry Brian Popp Valerie Allain Robert Olson Felipe Galván-Magaña	Isotope Biogeography: A Novel Approach to Studying Pelagic Predators in the Equatorial Pacific Ocean
<b>10:00 AM</b>		<b>Break</b>
10:20 AM	John Sibert John Hampton	Impact of Industrial Tuna Fisheries on Fish Stocks and the Ecosystem of the Pacific Ocean
10:40 AM	David Kirby Patrick Lehodey Valerie Allain Adam Langley Karine Briand	Regime Shifts and Recruitment in Western & Central Pacific Ocean Tuna Fisheries
11:00 AM	Patrick Lehodey	<i>Multi-species Populations Modelling with Seapodym*</i>
11:20 AM	Inna Senina John Sibert	Progress in Parameter Estimation for Spatial Population and Ecosystem Dynamics Model (Seapodym) applied to Pacific Skipjack
11:40 AM	John Sibert Johnoel Ancheta	Status of Electronic Tag Data Repository
<b>12:00 PM</b>		<b>Lunch Break</b>
1:00 PM	Anders Nielsen	<i>From Light Measurements to Most Probable Track*</i>
1:20 PM	Laurent Dagorn	News from the European Project FADIO in the Indian Ocean: Preliminary Results on Behavior of Fish around Drifting FADs and Prototypes of Instrumented Buoys
1:40 PM	<i>Kim Holland</i>	<i>Overview of Hawaii FAD Related Research*</i>
2:00 PM	Carl Meyer Kim Holland	<i>Status of Web-Based Fish Track Archive*</i>
<b>2:20 PM</b>		<b>Adjourn - Software Demonstrations</b>
	Russell Moffitt	<i>Oceanographic Atlas of the Pacific*</i>
	Carl Meyer	<i>Web-Based Fish Track Archive*</i>
	John Sibert Johnoel Ancheta	Electronic Tag Data Repository
