1. PURPOSE

To define the procedural steps for the monthly testing of the GMDSS NAVTEX receiver.

2. SCOPE

This procedure is applicable to any licensed GMDSS radio operator.

3. RESPONSIBILITY

The primary responsibility for this procedure lies with the officer designated as the "Primary GMDSS Operator".

4. PROCEDURE

4.1. Turn off the navtex receiver by pressing the "P" button.

4.2. While holding down the "F" button, turn on the receiver by pressing the "P" button.

4.3. Release the "F" button

4.4. The receiver will print out the test results and then resume normal operation.

4.5. Tear off from printer and put on clipboard.

5. RECORDS

Log results of test in the GMDSS Log
