1. PURPOSE

To establish guidelines for conducting emergency drills as required by the ISM Code, section 8.2.

2. SCOPE

The procedure applies to all KILO MOANA crew members.

3. RESPONSIBILITY

The Master is responsible for scheduling emergency drills and for ensuring that all crew members, embarked science party members, and visitors participate in drills.

4. PROCEDURE

4.1. Each crew members must participate in at least one abandon ship drill and one fire drill every month.

4.2. Drills must take place within 24 hours of a change in crew or if more than 25 percent of the persons on board have not participated in an abandon ship and fire drills on board the unit in the previous month.

4.3. Drills must be held before the unit enters service for the first time after a major structural modification.

4.4. Drills must, as far as practicable, be conducted as if there were an actual emergency.
