

## Marine Geophysics and Geology Faculty Position

The Department of Geology and Geophysics, School of Ocean and Earth Sciences and Technology (SOEST), invites applications for a tenure-track faculty position at the **Assistant Professor** level in marine geophysics and geology (MGG). We seek a creative individual with outstanding research and teaching abilities, particularly those whose interests will enhance the synergy among existing areas of excellence in SOEST such as Earth surface processes, tectonics and structure, and investigations of the Earth's interior.

The successful candidate will have an established record of publication in peer-reviewed scientific journals, recognized outstanding potential in research funding, skill in teaching geophysics and geology, and eagerness to advise graduate students. We especially encourage applicants with interest in building an active, field- or observation-based research program in MGG. Minimum requirements for this position include a Ph.D. in the geosciences with emphasis in marine geophysics and/or geology.

Applicants should supply (a) a curriculum vitae, including a list of publications and details regarding research funding; (b) a description of teaching experience and interests; (c) a summary of research activities and future goals, including a statement of vision for interfacing with existing programs in G&G and SOEST; and (d) postage addresses, phone numbers, and email addresses of at least three references to:

MGG Search, Department of Geology and Geophysics (POST 701)  
University of Hawaii – Manoa  
1680 East-West Road  
Honolulu, HI 96822, USA

For more information, visit [www.soest.hawaii.edu/asp/GG/index.asp](http://www.soest.hawaii.edu/asp/GG/index.asp).  
Evaluation of applications is occurring now and will continue until the position is filled.

UH/SOEST is an EEO/AA employer.
