Purpose and Function of the Pūko‘a Council

The purpose of the Pūko‘a Council of the University of Hawai‘i is to provide a formal, independent voice and organization through which the Native Hawaiian faculty, administrators, and students of the University of Hawai‘i system can participate in the development and interpretation of system-wide policy and practice as it relates to Native Hawaiian programs, activities, initiatives, and issues. Specifically, the Council will:

1. Provide advice and information to the President of the University, on issues that have particular relevance for Native Hawaiians and for Native Hawaiian culture, language, and history.
2. Work with the system and campus administration to position the University as one of the world's foremost indigenous-serving universities.
3. Promote the access and success of Native Hawaiian students in undergraduate, graduate and professional programs, and the increase in representation of Native Hawaiians in all facets of the University.
4. Encourage and facilitate Native Hawaiian excellence in teaching, research, scholarship, publication, and service in all academic disciplines.
5. Advocate for fairness and equity in all decisions and resource allocations related to Native Hawaiian programs and services.

Hawai'i Papa O Ke Ao

Hawai'i Papa O Ke Ao refers is the name chosen for this group tasked with developing a plan to make the University of Hawai'i a leader in indigenous education. The phrase simply means Hawai'i Foundations of Enlightenment/Knowledge. The deeper application of this name is cosmogonic, for in the name is Papahānaumoku (Papa) and Wākea (reflected in his Ao form), the original parents of Hawai'i Consciousness.

A copy of the taskforce's report can be found at:

University of Hawai'i Scholarship Opportunities

Taken from <http://www.hawaii.edu/finaid/scholarships/index.php>

The Second Century Scholarship

The Second Century Scholarship is a need-based grant provided to Native Hawaiian students who demonstrate financial need. This scholarship became available to students across the UH System in fall 2008, and the amount awarded depends on the student's financial need and funds available. To be eligible, Native Hawaiian students need only apply for financial aid through their campus financial aid offices. All regular aid deadlines apply.

The Centennial Scholars Program

The Centennial Scholars Program celebrates the UH System's centennial and provides an opportunity for the state's brightest students to attend a UH campus. Beginning in fall 2007, all 10 UH campuses will provide a scholarship of \$1,000 per year (\$500 per semester) to qualified Hawai'i residents.

<http://www.hawaii.edu/finaid/scholarships/centennial/index.html>

Regents and Presidential Scholarship

The Board of Regents established the Regents and Presidential Scholarships to support Hawai'i students with a record of outstanding academic achievement.

Twenty Regents scholarships will be awarded every year to incoming first-year students. Each scholar will receive a full tuition scholarship and a stipend of \$2,000 per semester, plus a one-time travel grant of up to \$2,000. Scholars may be enrolled at any campus of the University of Hawai'i.

Ten Presidential scholarships will be awarded every year to incoming juniors. Each scholar will receive a full tuition scholarship and a stipend of \$2,000 per semester, plus a one-time travel grant of up to \$2,000. Scholars may be enrolled at any baccalaureate campus of the University of Hawai'i (UH Mānoa, UH Hilo or UH West O'ahu).

<http://www.hawaii.edu/offices/studentaffairs/scholarships/raps-overview.php>

NATIVE HAWAIIAN STUDENT PROGRAMS DIRECTORY

The State of Hawai'i B Plus Scholarship

Hawai'i residents who newly graduate from a public high school with a rigorous high school diploma (which depends on year of graduation—download information at <http://www.hawaii.edu/svpa/ep/e6/e6206.pdf>), a GPA of 3.0 or better and have demonstrated financial need are eligible for the State of Hawai'i B Plus Scholarship. The Free Application for Federal Student Aid (FAFSA) must be completed and submitted at <http://www.fafsa.ed.gov/>.

UH Grants and Scholarships

The University of Hawai'i offers various need-based and non-need-based scholarship assistance in the form of Opportunity Grants, Achievement Scholarships, International Student Scholarships, and Pacific Islander Scholarships. Criteria vary by campus and scholarship. Students should fill out the FAFSA and consult their campus' financial aid office for more information.

The UH Foundation Scholarships

The UH Foundation awards about \$5 million annually from various private and corporate donations. More information about these scholarships, which are merit, service and/or need-based, is on the website <http://www.uhfoundation.org/scholarships/>

The UH System Scholarships

The UH System Scholarships are open to students who are admitted as a regular student attending any of the ten campuses of the University of Hawai'i System. These scholarships are made available by the generosity of private individuals and organizations who wish to reward students for a wide variety of accomplishments, including, but not limited to, academic achievement, service to the school and community, leadership ability, first-generation college-going, and specific major and career choices. Some take into consideration financial need and unique personal backgrounds. For more information visit <http://www.hawaii.edu/finaid/scholarships/system/index.html>

NATIVE HAWAIIAN STUDENT PROGRAMS DIRECTORY

UH Mānoa Chancellor's Scholarship

A maximum of 80 scholarships of \$10,000 annually (\$5,000/semester) will be awarded by the Office of Admissions to high-achieving Hawai'i high school graduates. To be considered, students must meet the priority deadline for Fall admission, the Scholarship requirements, and be accepted to UH Mānoa. A separate application is required. More information can be found at http://manoa.hawaii.edu/admissions/undergrad/financing/chancellors_scholarship.html

UH Hilo Chancellor's Scholarship

The UH Hilo campus offers a competitive Chancellor's Scholarship, which covers full tuition for approximately 15 Hawai'i students. Factors considered include academic scholarship, leadership experience and potential, community service and financial need. Download the application from the UH Hilo website for more information at <http://hilo.hawaii.edu/prospective/chancellorscholars.php>. The deadline is March 1st.

UH West O'ahu Chancellor's Award

The University of Hawai'i—West O'ahu offers a competitive full tuition award acknowledging academic achievement, leadership, and community service for approximately 8 students. Visit uhwo.hawaii.edu/scholarship for more information.

Federal Financial Aid

The Federal government has a myriad of grants, scholarships, and loans available to qualified students who qualify. Check with the financial aid office of the campus you plan to attend for more information on eligibility and deadlines.

All UH campuses use the U.S. Department of Education's Free Application for Federal Student Aid (FAFSA) to determine eligibility for federal and most campus-based financial aid programs. <http://www.fafsa.ed.gov/>

Hanakahi Council—The Hanakahi Council is comprised of Native Hawaiians associated with the University of Hawai'i at Hilo, as faculty, staff, administration, and students. The vision of Hanakahi is nurturing and sustaining the University of Hawai'i at Hilo as a Hawaiian place of learning. The mission of the council is to advise the UHH Chancellor and Administrators, Faculty, and Staff in the following areas:

- Success of Native Hawaiians at UHH
- Research with and about Native Hawaiians/Culture (language/history/spirituality)/Natural resources
- Native Hawaiian Initiatives (legislative, academic, funding, and hiring)
- Policies and procedures that affect Native Hawaiians
- Natural and cultural resources managed by UHH
- Recruitment, retention, and graduation of Native Hawaiian students
- Recruitment, hiring, retention and promotion of NH faculty, staff, and administrators
- Appropriation and distribution of funds for Native Hawaiian initiatives
- Appropriate representation of Native Hawaiian culture at UHH
- Collaboration with Native Hawaiian community and broader Hawai'i island community
- Advocacy for Native Hawaiians in the UH System

Ka Haka 'Ula o Ke'elikōlani—UH Hilo's College of Hawaiian Language was named in honor of Ruth Keanolani Kanāhoahoa Ke'elikōlani, the 19th century high chiefess known for her strong advocacy of Hawaiian language and culture. The College's vision statement is "O ka 'ōlelo ke ka'ā o ka mauili" --Language is the fiber that binds us to our cultural identity. The college seeks to realize its vision for the benefit of all of Hawai'i's people through the revitalization of Hawaiian language, traditional culture, and education in a contemporary Hawaiian medium setting. Programs offered include three undergraduate Certificates (in Hawaiian Language, in Hawaiian Culture, and in Contemporary Indigenous Multilingualism), a B.A. in Hawaiian Studies, a B.A. in Linguistics, a graduate Certificate from Kahuawaiola Indigenous Teacher Education Program, a graduate certificate in Indigenous Language and Culture Revitalization, two M.A.s—one in Hawaiian Language & Literature, the other in Indigenous Language and Culture Education, and a Ph.D. in Hawaiian and Indigenous Language & Culture Revitalization.

Hale Kuamo'o—The Hale Kuamo'o Center for Hawaiian Language and Culture through the Medium of Hawaiian is the support and research division of Ka Haka 'Ula o Ke'elikōlani College of Hawaiian Language. The Center encourages and supports the expansion of Hawaiian Language as a medium of communication in education, business, government, and other contexts of social life in the public and private sectors of Hawai'i and beyond. The Center's programs include:

- Development, production, and distribution of instructional materials for implementation in Hawaiian medium schools
- Collaboration with other organizations, including such projects as *Nā Honua Maui Ola Guidelines for Healthy and Responsive Learning Environments*
- Hawaiian language research and development, including *Mamaka Kaiao: A Modern Hawaiian Vocabulary*
- Media and Telecommunications, including *Ulukau: the Hawaiian Electronic Library*
- Hawaiian medium inservice
 - He Aupuni Palapala Reading Program Training (Teacher Inservice)
 - Kāko'o Kula (School Site Support)
 - Kāko'o Kaiapuni Hawai'i (Teacher Inservice)
- Legislation establishing Ke'elikōlani College provides for laboratory school programs that reflect Ke Kumu Honua Maui Ola Hawai'i, the Hawaiian Educational philosophy that asserts Hawaiian cultural identity as the basis of education and participation in contemporary life. Hawaiian is the medium of instruction and communication among students, faculty, staff, and administration.

NATIVE HAWAIIAN STUDENT PROGRAMS DIRECTORY

The five current Ke‘elikōlani College laboratory schools below focus on college preparation, environmental and health studies, sustainable agriculture, and teacher training.

- P-12 Ke Kula ‘O Nāwahīokalani‘ōpu‘u, Hawai‘i island
- P-12 Ke Kula ‘O Samuel M. Kamakau, O‘ahu
- P-12 Ke Kula Ni‘ihau O Kekaha, Kaua‘i
- K-12 Kawaikini, Kaua‘i
- Pūnana Leo Hawaiian medium preschool and infant/toddler program, 11 sites statewide
- Outreach includes work with the Hawaiian community, locally and abroad, as well as with other Native peoples, especially those of North America and the Pacific. Hale Kuamo‘o outreach includes:
 - A partnership with UH Hilo’s ‘Imiloa Astronomy Center focusing on the Center’s Hawaiian content
 - The Polynesian Languages Forum which unites the developing indigenous languages of 13 Polynesian governments

Keaholoa STEM Scholars Program—The Keaholoa STEM Scholars program is designed to increase the enrollment, support, and graduation rates of Native Hawaiian and other underrepresented students majoring in STEM (Science, Technology, Engineering and Mathematics) disciplines. The program provides a continuum of program activities which cultivates research scholarship through research internships, incorporates cultural knowledge and perspective through, guest presentations, technology enrichment workshops—huaka‘i or field trips, and peer support through a learning community setting. At the conclusion of their participation in the program the scholars will be competitive in the workforce and/or in their pursuit of graduate studies. The Keaholoa STEM Scholars Program is a collaboration among the University of Hawai‘i at Hilo’s Tribal College and University Program—STEM Project (Keaholoa), Louis Stokes Alliance for Minority Participation (LSAMP), Nā Pua No‘eau — Center for Gifted and Talented Native Hawaiian Children and the University of Hawai‘i at Mānoa’s Native Hawaiian Science and Engineering Mentoring Program (NHSEMP).

Minority Access and Achievement Program (MAAP)—the office was established as the result of an initiative by the state legislature to “improve the access and success of students from underrepresented ethnic groups at the university and in the professions in Hawai‘i”.

MAAP provides comprehensive support services through counseling, academic advising, career exploration, and assistance with financial aid and scholarships, and a place where students feel welcomed and supported as they pursue their educational goals. The program offers activities that promote student development, increase cultural awareness, and are responsive to and enhance the academic and social needs of a diverse, underrepresented student population. The office is committed to advocating for equal access, fostering a climate that supports success, assessing student learning and personal development, creating opportunities that motivate and inspire students, and developing collaborative partnerships with faculty and others.

Ke Ola Mau – Aspiration, Achievement and Pathway into Health Careers

With the preponderance of health challenges that Native Hawaiians currently face and projected to continue, it is important to provide greater representation of Native Hawaiians as health professionals.

NATIVE HAWAIIAN STUDENT PROGRAMS DIRECTORY

The Ke Ola Mau Health Career Pathways Program is intended to increase the number of Native Hawaiians that enter and successfully complete a health career degree at the University of Hawaii at Hilo or the University of Hawaii at Manoa. (Priority 2)

The Pathway is designed around a partnership between Na Pua No'eau, a University of Hawaii statewide Native Hawaiian education center providing educational enrichment to students in grades K–12 (Priority 5e) and their families on each island with professional schools and support services at the University of Hawaii campuses, and with Native Hawaiian health providers on each island.

In collaboration with these entities, Na Pua No'eau would develop venues for Hawaiian students to be empowered to address the health needs of Native Hawaiians and their underrepresentation in the health professions.

The program targets the Native Hawaiian student with an interest in becoming a health professional or health educator. The statewide project would: 1) expose 2000 high risk Native Hawaiian students in grades K–12 to educational and career opportunities in selected health professions annually (Priority 1); 2) prepare 50 high school students statewide to enter college as a pre–major or major in a health field annually (Priority 6); 3) facilitate 40 Native Hawaiian college freshman and sophomore students to maintain good standing preparing to major in a health field at UHH and UH annually; 4) facilitate research, internships and/or community service projects annually for 80 Native Hawaiian students majoring in a health career; and 5) transition 80% of our project graduates directly into the Health Careers workforce, Health Education, or onto graduate or professional schools in the Health Fields.

Pacific Island Programs for Exploring Sciences (PIPES) –coordinates statewide summer undergraduate internships and year–round K–12 informal science programs. PIPES efforts focus on hands–on experiences and mentoring for Hawai'i students that supports their entrance into fields of study and ultimately careers related to the natural resources of Hawai'i. Through UH Hilo, PIPES supports native Hawaiians, Filipinos, and other underrepresented undergraduate minorities access to research and workforce development. We support K–12 educational programs through formal STEM school–year experiences such as Traveling STEM Days and summer experiential programs—Manowai o Hanakahi

Steps Toward Excellence and Pharmacy (STEP) Program—The UHH College of Pharmacy STEP Program is an intensive two-year scholarly preparatory program that requires one year of prerequisite coursework to address underserved student's educational, social and economic needs toward successful admission to the UHH College of Pharmacy. A goal of the STEP Program is to provide motivated students the opportunity, guidance, and mentorship to achieve their academic potential. The STEP Program is open to, but not limited to, persons of Hawaiian or other Pacific Island ancestry. Students from underserved backgrounds, in particular, are eligible for the STEP program and may come from a variety of different cultural groups. STEP Program students may be provided funding (when available) and are ensured a seat in the UHH Pharm. D. Program upon successful completion of the STEP Program.

University of Hawai'i at Hilo

Upward Bound (UH Hilo)—is a federally funded program that prepares high school students to enter and succeed in college. Throughout the year, students receive instruction and encouragement to develop their academic and

NATIVE HAWAIIAN STUDENT PROGRAMS DIRECTORY

personal skills. Students also receive help developing their college and career plans and participate in exciting cultural activities and experiences. During the summer, qualified students can live, five or six weeks, and learn on the University of Hawai'i at Hilo Campus. Students must meet eligibility criteria in order to participate, which includes: (a) being a graduated 8th grader, freshman, or first-semester sophomore at the time of admission, (b) being a U.S. citizen, national or permanent resident of the U.S., (c) showing the potential and motivation to be successful in education beyond high school, (d) being of low income according to guidelines established by the federal government, and (e) having parents who have not earned a recognized bachelor's degree. High schools served include: Hana, Hilo, Honoka'a, Ka'u, Kea'au, Kohala, Laupahoehoe, Pāhoa, and Waiakea.

KAUA'I COMMUNITY COLLEGE NATIVE HAWAIIAN STUDENT PROGRAMS

Makaloa Council--The Makaloa council of Kaua'i Community College represents the various Hawaiian serving programs of the campus. It is the mission of the council to support the campus in promoting the success of Hawaiian students and programs by ensuring academic and fiscal accountability of Hawaiian-serving programs and by instituting Hawaiian values, language, and culture throughout the campus. A member of Makaloa Council also sits on the campus-wide College Council, a body which reviews all campus matters including planning, development, and budget. Membership of Makaloa Council is open to faculty and staff who contribute to the college's Hawaiian-serving programs, as well as all Hawaiian faculty and staff of Kaua'i Community College.

Ke Ola Mau – Aspiration, Achievement and Pathway into Health Careers

With the preponderance of health challenges that Native Hawaiians currently face and projected to continue, it is important to provide greater representation of Native Hawaiians as health professionals.

NATIVE HAWAIIAN STUDENT PROGRAMS DIRECTORY

The Ke Ola Mau Health Career Pathways Program is intended to increase the number of Native Hawaiians that enter and successfully complete a health career degree at the University of Hawaii at Hilo or the University of Hawaii at Manoa. (Priority 2)

The Pathway is designed around a partnership between Na Pua No'eau, a University of Hawaii statewide Native Hawaiian education center providing educational enrichment to students in grades K–12 (Priority 5e) and their families on each island with professional schools and support services at the University of Hawaii campuses, and with Native Hawaiian health providers on each island.

In collaboration with these entities, Na Pua No'eau would develop venues for Hawaiian students to be empowered to address the health needs of Native Hawaiians and their underrepresentation in the health professions.

The program targets the Native Hawaiian student with an interest in becoming a health professional or health educator. The statewide project would: 1) expose 2000 high risk Native Hawaiian students in grades K–12 to educational and career opportunities in selected health professions annually (Priority 1); 2) prepare 50 high school students statewide to enter college as a pre–major or major in a health field annually (Priority 6); 3) facilitate 40 Native Hawaiian college freshman and sophomore students to maintain good standing preparing to major in a health field at UHH and UH annually; 4) facilitate research, internships and/or community service projects annually for 80 Native Hawaiian students majoring in a health career; and 5) transition 80% of our project graduates directly into the Health Careers workforce, Health Education, or onto graduate or professional schools in the Health Fields.

Kaiao, Title III, Strengthening Hawaiian Institutions—Kaiao, meaning “to enlighten”, is a Native Hawaiian program at UH Maui College (UHMC). This Title III grant is federally-funded by the US Department of Education and is focused on increasing the success of Native Hawaiian students by implementing three activities:

- 1) Activity One, named Pu’a A’e (to flower), is to provide peer and online tutoring using web-based software that supports developmental English and the redesigned developmental math curriculum and also peer mentoring for students in a new culturally-based Student Success Center;
- 2) Activity Two, named Mu’o A’e (to bud), is to increase success for a cohort of Native Hawaiian first-time, full-time, classified students who did not qualify for college level English and/or math through their participation in a First Year Experience program focused on helping students to move from developmental to college level courses and a Second Year Experience program that includes career exploration and transition serves; and,
- 3) Activity Three, named Mōhala A’e (to blossom), is to establish a compelling and meaningful pathway for NH students by developing an Associate in Arts degree with a specialization in Hawaiian Studies by expanding programs in Hawaiian culture, language and values.

HONOLULU COMMUNITY COLLEGE NATIVE HAWAIIAN STUDENT PROGRAMS

Kupu Ka Wai Council—Members of Kupu Ka Wai Council are associated with Honolulu Community College as faculty, staff, adjunct, administration, and students who support our mission. The vision of Kupu Ka Wai (The Nurturing Waters) is to nurture and to sustain Honolulu Community College as a Hawaiian place of learning. The Kupu Ka Wai Council and the HCC Chancellor and Administration work together to strengthen the coordination of all Native Hawaiian Programs on campus: Nā Papa Hawai'i , Ocean Hawai'i, MELE, The Native Hawaiian Center, Title III and Po'ina Nalu. The Kupu Ka Wai Council works to meet the following needs of the campus in the following areas:

- Increase recruitment, retention and graduation of Native Hawaiian students at Honolulu Community College.
- To support the integration of Hawaiian language, culture, values and history into curriculum and campus activities.
- Provide faculty development to assist integrating a Hawaiian perspective into curriculum.
- Improve efforts to recruit and retain faculty, staff and administrators from underrepresented groups, especially Native Hawaiians.

Hawaiian Studies—Students may complete an Academic Subject Certificate in Hawaiian/Pacific Island Studies. When completed in conjunction with the Associate in Arts degree in Liberal Arts, the certificate demonstrates a degree specialization in Hawaiian Studies. Career options could include entry-level positions using knowledge related to Hawaiian culture. Students can obtain support via the Mālama Hawai'i program.

Mālama Hawai'i —Kapi'olani Community College's Native Hawaiian initiatives are part of Mālama Hawai'i 's area of concerns encompassing academic classes across disciplines, students and their needs, and services to support students' success. Services to students include academic advising, registration assistance, tutorial assistance, financial aid application and assistance, computer lab services, access to faculty and staff. Various activities are conducted throughout the year which, in the Fall of 2007 included "Ka Lā Kū'oko'a", celebrating Independence Day for Hawai'i.

The KCC STEM Program - The immediate goals of the KCC STEM Program are to increase student enrollment and diversity with emphasis on Hawaiian students and to improve the quality of education in the fields of science, technology, engineering and mathematics (STEM). This in turn will lead to an increase in the number of STEM students transferring into 4-year degree programs, as well as an increase in the number of individuals entering the workforce in one of the major STEM disciplines. This is being accomplished through various outreach activities such as the Summer Bridge Program, undergraduate research projects and instructional classes at

NATIVE HAWAIIAN STUDENT PROGRAMS DIRECTORY

Kapi'olani Community College. The program provides numerous funding opportunities for Hawaiians, Pacific Islanders and other students via Scholarships, Research Internships and Peer Mentorships.

The KCC STEM Center:

A critical component of the KCC STEM program is the college's STEM Center. This 3200 sq. ft. space, located on the second floor of the Koki'o building has become a focal point for student learning. The Center provides a unique space equipped with desk modules specifically designed for collaborative learning. Faculty office doors open into the center's common area, which encourages more student-to-student and student-to-teacher interaction. In addition, unlike a traditional instructional space, the STEM Center can be easily reconfigured for various meetings, presentations, and other educational gatherings. The KCC STEM Center also offers peer-mentoring services and tutoring, and provides all STEM students with access to tablet PCs and desktop computers, as well as other educational resources. Other equipment available to students in the STEM Center include GIS workstations, a 3D spherical projection system, video/DVD equipment, anatomical models for anatomy, and a large format design printer.

For more information about the KCC STEM Program contact Keolani Noa.

Upward Bound Program (WCC) –This free program serves Windward area high school students from Castle, Kahuku, Kailua, and Kalāheo high schools who will be the first generation in the family to graduate college with a bachelor's degree or who are from low-income families. Upward Bound students receive mentorship and

NATIVE HAWAIIAN STUDENT PROGRAMS DIRECTORY

guidance throughout the high school years, assistance with college applications and help securing financial aid and scholarships. To be ready for college, students will get academic preparation for college-level courses, SAT Prep and explore career options. Students will also have the opportunity to “practice college” by experiencing life at UH Mānoa dorms for six weeks in the summer while taking classes at Windward Community College. Field trips and making new friends are all a part of the summer college experience. Applications to Upward Bound are considered each fall semester and are limited to students in the 9th and 10th grades.

Kūali‘i Council—The Kūali‘i Council is comprised of Native Hawaiians associated with the University of Hawai‘i at Mānoa as faculty, staff, adjunct, administration, and students. The mission of Kūali‘i is to honor, empower and advance Native Hawaiian people, culture and language through excellence in higher education. The Kūali‘i Council functions in an advisory capacity to the Mānoa campus Chancellor, and is self determining in all matters relating to Native Hawaiian teaching, research, publication, and service. The goals of this council include; increase the number of Native Hawaiian students, faculty, staff, and administration to mirror the 23% of Native Hawaiians in the general population, promote a high standard of excellence in the study of Hawaiian language and culture, advocate for parity for Native Hawaiians and Native Hawaiian serving programs, ensure integrity in the use of funds designated for Native Hawaiians, assist the university in leveraging appropriate funding for Native Hawaiian programs, and increase collaboration and partnerships between the University of Hawai‘i campuses

College Opportunities Program (COP)--offers a statewide entry-level freshman program that provides a summer and first-year residential college experience. Its mission is to recruit, screen, select and prepare Hawai'i residents for a successful freshman year at the UH Mānoa. The program recruits individuals who may not meet the requirements for regular UH Mānoa admission, are academically underprepared, economically disadvantaged, ethnically underrepresented on campus, non-traditional, or in need of a structured college entry. Selected students who participate in, and meet the summer program requirements, gain admission to the UH Mānoa in the fall semester.

Department of Native Hawaiian Health (DNHH)—began as an initiative, the former task-force and program is now a clinical department, recognized by the University Board of Regents, resides in the John A. Burns School of Medicine (JABSOM) within the University of Hawai'i at Mānoa. Initial funding from the Queen's Health System enabled the formation of a clinical department within the JABSOM. The Department of Native Hawaiian Health (DNHH) is unlike other clinical departments in that ongoing community involvement is an integral part in guiding us towards our vision and mission. Partnerships with health organizations allow us to become a part of a team working towards improving the health of Native Hawaiians. In a sense, the Department would not be able to accomplish everything as a stand-alone entity. We realize that improving Native Hawaiian Health lies in a kākou (group inclusive) effort. The Department of Native Hawaiian Health has incorporated two significant programs that have been well established in JABSOM over the years. The 'Imi Ho'ōla Post-Baccalaureate Program and the Native Hawaiian Center of Excellence have similar missions with respect to Native Hawaiian health and are now a part of the Department. With a sound internal organization and a commitment towards a community voice, the DNHH is committed to serve Native Hawaiian peoples and their communities and strives to function and embrace Native Hawaiian values and practices.

Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP Hawaii) --is a part of Hawai'i P-20 Partnerships for Education, a statewide partnership that focuses on strengthening the education pipeline from early childhood through K-12 and postsecondary education. GEAR UP Hawai'i encourages teenagers to have high expectations, stay in school, study hard, and take classes that will help them choose and be prepared to go to college. GEAR UP Hawai'i services include preparing students for academic success, increasing access to college prep resources and financial aid information, and facilitating transitions from K-12 to higher education.

Kamakakūokalani Center for Hawaiian Studies—is named for Gladys Kamakakūokalani ‘Ainoa Brandt, The late Native Hawaiian educator, whose reputation, integrity, and passionate devotion to education, still inspire and guide the work of Kamakakūokalani today. Hawaiian Studies offers both Bachelor’s and Master of Arts degrees in five areas of concentration encompassing the breadth of Hawaiian knowledge and experience. The range of content areas focuses on Hawai‘i and its people are impacted and affected by politics, history, literature, visual arts, music, geography, natural resource management and relationships with the rest of Polynesia/Oceania.

The Kamakakūokani Center for Hawaiian Studies is committed to preserve and extend the legacy of all of our ancestors and especially to honoring the ancestors who 100 years ago, signed the Kū‘ē petitions in an effort to preserve the independence of the Hawaiian nation. Their mandate to us, their descendants, was to forever retain our identity, and stand fast (‘Onipa‘a) in our homeland. Kamakakūokalani provides “Education for the Nation,” in support of their ancestral vision.

Ho'okulāiwi: ‘Aha Ho‘ona‘auao ‘Ōiwi (Center for Native Hawaiian and Indigenous Education), which is housed in the University of Mānoa College of Education, is a multifaceted Community/Hawai‘i Department of Education/ UHM partnership designed to prepare outstanding teachers and educational leaders, particularly Native Hawaiians, for Hawaiian communities. Ho‘okulāiwi is also a member of an international network of research institutions of higher education.

Educators who have strong backgrounds in Hawaiian language, culture, and education; who are well-versed in English language, culture, and education; and who have the expertise to research and develop new theories, pedagogy, and curricula that reflect the needs of Hawaiian communities are the key to raising the educational achievement of Native Hawaiians. The goals of Ho‘okulāiwi are:

- to prepare teachers for Hawai‘i Department of Education (DOE) Title I schools with large numbers of Hawaiian children
- to prepare teachers for the Hawai‘i DOE Hawaiian Language Immersion Program
- to prepare teachers for Hawaiian charter schools

NATIVE HAWAIIAN STUDENT PROGRAMS DIRECTORY

- to prepare Native Hawaiian educational leaders in areas such as research, school administration, and teacher education through study at the master's and doctoral levels

Ho'okulāiwi aims to offer original insights into Native Hawaiian knowledge and practices, as well as insights on how this information can be utilized to form the pedagogical foundations to classrooms with high numbers of Native Hawaiian children (K–12) and graduate level education (master's and doctoral degrees).

Hūlili—is a US Department of Education Title III funded collaborative initiative between Windward Community College (WCC) and the University of Hawai'i at Mānoa (UHM). The program aims to provide a bridge for Native Hawaiian students transferring from WCC to UHM. The overarching goals of this collaborative program are to increase the retention of Native Hawaiian students at WCC; increase the retention of NH students from WCC who transfer to UHM; and provide professional development opportunities for transfer students and NH serving faculty and staff supporting transfer students.

The program will establish kako'o transfer centers at both campuses, a professional development program, a pre-transfer program at WCC, an intensive residence-based summer transfer program at UHM, and offer student support services such as academic counseling, workshops, and career planning.

‘Imi Ho‘ōla Post-Baccalaureate Program The mission of the ‘Imi Ho‘ōla Program at the University of Hawai‘i John A. Burns School of Medicine (JABSOM) is to improve health care in Hawai‘i and the Pacific by increasing the number of physicians through a 12-month educational program that builds the academic and professional capacity of these students. ‘Imi Ho‘ōla’s goal is to support diversity of the physician workforce and produce physicians who demonstrate a strong commitment to practice in underserved communities in Hawai‘i and the Pacific. Up to 12 students from economically, socially, and/or educationally disadvantaged backgrounds are selected to participate each year. Applicants to the ‘Imi Ho‘ōla program are selected based on their potential to succeed in medicine and overcome challenges that have previously prevented them from achieving their goals. The curriculum emphasizes the integration of concepts and principles in the sciences and humanities and further develops communication and learning skills. Upon successful completion of the program, students enter JABSOM as first-year medical students. As a result of this program, 219 students have graduated and have gone on to become physicians serving Hawai‘i, the continental U.S., and the Pacific.

Indigenous Politics MA/PhD program—housed within the University of Hawai'i at Mānoa's Department of Political Science, this program offers native and non-native students the opportunity to study indigenous cultures, histories, and politics informed by the cultural geography of Hawai'i by encouraging the use and development of alternative epistemologies and methodologies that reflect indigenous world views. The study of indigenous politics in Hawai'i starts with and is anchored to Kānaka 'Ōiwi Hawai'i, the indigenous people of our islands. As a Pacific-centered program, rooted in the familial, genealogical, linguistic, and historical relations to the other indigenous peoples of Oceania, the program attracts and meets distinctive needs of indigenous students from Hawai'i and the Pacific, as well as (to a lesser extent) North America and Asia. With recent hires and increases in course offerings, the program has also seen a dramatic increase in the number of Native Hawaiian students enrolled in the MA/PhD. Our full time graduate faculty are Noenoe Silva, Hōkūlani K. Aikau, and Noelani Goodyear-Ka'ōpua.

Ka Huli Ao Center for Excellence in Native Hawaiian Law-- was established in 2005 at the Law School to promote education, scholarship, community outreach and collaboration on issues of law, culture and justice for Native Hawaiians. It offers courses that prepare students to advance the traditions and legal rights of Native Hawaiians and supports law students as they pursue legal careers and leadership roles in the Native Hawaiian community. Ka Huli Ao faculty have expertise in all aspects of Native Hawaiian rights, water law, Federal Indian law, and traditional and customary rights issues. Ka Huli Ao has a Post-JD Research Fellowship program and awards Summer Fellowships allowing law students to work on Native Hawaiian legal issues over the summer. Ka Huli Ao has a community outreach program to inform the Native Hawaiian community of legal developments that may affect their rights. Interested law students are able to receive a Native Hawaiian Law Certificate, indicating a specialized course of study and concentration in Native Hawaiian Law.

The MARC U*STAR Program – Drs. Pat Couvillon and Petra Lenz, Program Directors, oversee the MARC U*STAR Program, under the Pacific Biosciences Research Center, which provides rigorous research training for outstanding undergraduate minority students who wish to prepare for graduate studies leading to the doctorate degree (PhD) and careers in biomedical research and training. Ten (10) students are accommodated yearly; consequently, competition is very keen. Student participants are engaged in an intensive two-year research experience under the guidance of faculty members in the biological sciences, chemistry, physics and math. Students spend their first summer and academic year in a laboratory within the University of Hawai'i at Mānoa. The second summer is spent in a laboratory on the U.S. mainland. The student returns to Hawai'i at the end of the summer to complete the academic year. Each MARC student receives a monthly stipend of \$931. Partial Hawai'i resident tuition and fees are paid. A trip to the mainland scientific meeting is also offered to the participants to present research results at a specialty scientific meeting. The MARC Program specifically includes students whose ethnic identity is in whole or part: Hawaiian, Filipino, Samoan, American Pacific Islander, and other underrepresented groups in the scientific workforce.

Ke Ola Mau – Aspiration, Achievement and Pathway into Health Careers

With the preponderance of health challenges that Native Hawaiians currently face and projected to continue, it is important to provide greater representation of Native Hawaiians as health professionals.

The Ke Ola Mau Health Career Pathways Program is intended to increase the number of Native Hawaiians that enter and successfully complete a health career degree at the University of Hawaii at Hilo or the University of Hawaii at Manoa. (Priority 2)

The Pathway is designed around a partnership between Na Pua No’eau, a University of Hawaii statewide Native Hawaiian education center providing educational enrichment to students in grades K–12 (Priority 5e) and their families on each island with professional schools and support services at the University of Hawaii campuses, and with Native Hawaiian health providers on each island.

In collaboration with these entities, Na Pua No’eau would develop venues for Hawaiian students to be empowered to address the health needs of Native Hawaiians and their underrepresentation in the health professions.

The program targets the Native Hawaiian student with an interest in becoming a health professional or health educator. The statewide project would: 1) expose 2000 high risk Native Hawaiian students in grades K–12 to educational and career opportunities in selected health professions annually (Priority 1); 2) prepare 50 high school students statewide to enter college as a pre–major or major in a health field annually (Priority 6); 3) facilitate 40 Native Hawaiian college freshman and sophomore students to maintain good standing preparing to major in a health field at UHH and UH annually; 4) facilitate research, internships and/or community service projects annually for 80 Native Hawaiian students majoring in a health career; and 5) transition 80% of our project graduates directly into the Health Careers workforce, Health Education, or onto graduate or professional schools in the Health Fields.

Native Hawaiian Student Services Kauhale—The essential function of the Kauhale is to support and foster the successful matriculation of Native Hawaiians at the University of Hawai'i at Mānoa. As part of the Hawai'i inuiākea School of Hawaiian Knowledge, the Kauhale has two kuleana:

- To serve Hawai'i inuiākea undergraduates and graduate majors (Hawaiian language & Hawaiian Studies)
- To serve all Native Hawaiian students at the University of Hawai'i at Mānoa

The Kauhale offers:

- Information and guidance to students and families about opportunities in higher education
- Support, direction, and guidance to students who are interested in majoring in Hawaiian language and/or Hawaiian Studies as well as Native Hawaiian students and their families
- Encouragement and support for haumāna to engage in diverse disciplines fostering Native Hawaiian representation in different professions
- Spaces, activities, and programs that allow students to explore, discuss, and reinforce Hawaiian identity
- Leadership opportunities for haumāna to serve our lāhui
- Integrated learning experiences that link classroom learning and community engagement
- On-going research on Native Hawaiians participation in higher education

NATIVE HAWAIIAN STUDENT PROGRAMS DIRECTORY

Pacific Island Programs for Exploring the Sciences (PIPES)—coordinates statewide summer undergraduate internships and year-round K–12 informal science programs. PIPES efforts focus on hands-on experiences and mentoring for Hawai'i students that supports their entrance into fields of study and ultimately careers related to the natural resources of Hawai'i. Through UH Hilo, PIPES supports native Hawaiians, Filipinos, and other underrepresented undergraduate minorities access to research and workforce development. We support K–12 educational programs through formal STEM school-year experiences such as Traveling STEM Days and summer experiential programs—Manowai and Hanakahi

Pu'uhonua: Hale for Native Hawaiian Student Support—provides a sanctuary for Hawaiian students in the UH Mānoa College of Education. We aim to provide support to Hawaiian students in gaining acceptance into academic programs, and organize recruitment and retention activities within the college, across the UH Mānoa campus, at UH Community Colleges, high schools and broader Hawaiian community. Our goal is to build and strengthen the foundation for future generations of Hawaiian educators.

School of Social Work—

Social work, one of the fastest growing occupations in the State of Hawai'i, is a profession concerned with the prevention and resolution of critical issues experienced by individuals, families, groups, and communities. At the Myron B. Thompson School of Social Work (MBT SSW), students learn to address critical issues from an Ecological Perspective using Strengths-Based approaches. Students are provided with the knowledge, skills, and values that facilitate the prevention or resolution of such issues related to health and health disparities, behavioral/mental health, elder health, substance abuse, homelessness, crime and delinquency, poverty, and other social problems. Students who are committed to social justice, social change,

improving the quality of life for society's most vulnerable and who are committed to working with people will find this curriculum relevant and stimulating. The MBT SSW has been providing quality social work education in Hawai'i for 70 years. It is recognized nationally and internationally for its award-winning faculty, research and publications, and the wide range of specialty areas that include health, behavioral/mental health, child and family services, and gerontology. Degree programs include the BSW, MSW, and PhD. The MBT SSW also boasts a distance education MSW option, a Hawaiian Learning Program, training academy, the ability to provide program evaluation, a focus on Asian and Pacific Islander groups in Hawai'i, and opportunities for international practicum placements.

The mission of the MBT SSW is to contribute to the advancement of social work practice in its many forms for the purpose of preventing or resolving the most critical social problems. Within this general purpose, the School reaffirms social work's historic commitment to increase social justice and availability of opportunity for underrepresented and oppressed groups. The principal responsibility of the School is the generation, transmission, and application of knowledge that will benefit the state of Hawai'i with a particular emphasis on Native Hawaiians and indigenous peoples. In addition, it is the School's responsibility to contribute to knowledge for use by the profession as a whole. In particular, it is the goal of the School to increase comprehension of the ways in which social policy, social work practice, and research can be improved through understanding of Native Hawaiian and other Pacific Islander and Asian cultures of our communities, state, and the Pacific.

UNIVERSITY OF HAWAII AT WEST O'AHU
NATIVE HAWAIIAN STUDENT PROGRAMS

Nālimakui Council—The Native Hawaiian Council at the University of Hawai'i –West O'ahu campus which is the most recently formed council within the University of Hawai'i system. As our campus expands from an upper-division to a four-year institution and as we build our new campus, it is the goal of our Native Hawaiian Council to instill Native Hawaiians and Native Hawaiian forms of knowledge at every level of our institution, including our academic programs and curriculum, as well as student services, facilities, community relations, etc.

Academic Advisor for Native Hawaiian Students

Contact: Kealohi Perry, Advisor, kperry34@hawaii.edu

Kealaikahiki Native Hawaiian Student Support Program—This campus program provides services with a cultural approach to increase the academic success and retention rates of both native and non-Hawaiians. Services include tutoring, seminars, and workshops, culturally centered campus-wide events, community service, and mentoring.

Contact: uhwohiki@hawaii.edu

Hawaiian-Pacific Studies (HPST)—Hawaiian-Pacific Studies at UHWO recognizes the foundational connections between Hawai'i and the Pacific and focuses on the study of the Hawaiian people and other Pacific Islanders, their histories, languages, and cultural practices. A wide array of courses on Hawai'i and the Pacific Islands are offered, enabling the students to gain an overview of all Pacific peoples and in depth knowledge on specific aspects of Hawai'i and the Pacific. Future plans include the expansion of Pacific language offerings and the establishment of a performing arts strand.

Holomua: GEARUP on the Leeward Coast (UH West O’ahu GEARUP)—

Gaining Early Awareness and Readiness for Undergraduate Programs — is a federal program whose mission is to significantly increase the number of students from low-income communities who are prepared to enter and succeed in post-secondary education. The UH West O’ahu GEAR UP program currently serves students in the class of 2017 at Nanakuli High and Intermediate School as well as Wai’anae Intermediate School. The program is designed to support early college awareness and preparation by providing students with academic support, preparation and access to rigorous academic courses, financial aid information, college savings plan and education awards. UH West O’ahu GEAR UP partners with American Savings and Kamehameha Schools Ka Pua Initiative. Services provided: tutoring, mentoring, professional development. Parent university (non-credit workshops) are currently in development.
