

Advisory Committee Report

Student's Name: \_\_\_\_\_

Date: \_\_\_\_\_

Each student will have an Advisory Committee and will meet with it regularly during the student's entire period of enrollment in the Oceanography program. The Committee must formally meet with the student as soon as possible after the student arrives, at the end of the student's first semester of residency, and subsequently at least once per semester. The Committee will submit a written report following the initial meeting with the student. The Committee will also submit progress reports at the end of the first semester and subsequently once per semester. These reports will be read and signed by the Committee members and the student and included in the student's file. The report will be circulated among the faculty of the student's subdiscipline. When formed, the student's M.S. or Ph.D. Advisory Committee becomes the student's Advisory Committee.

The Advisory Committee report is as follows:

Signed: \_\_\_\_\_  
Committee Chair
