

MS & PhD in ORE

MS and PhD in Ocean and Resources Engineering

Graduate studies in

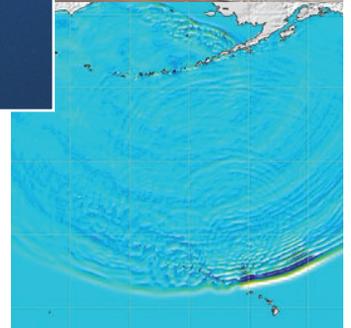

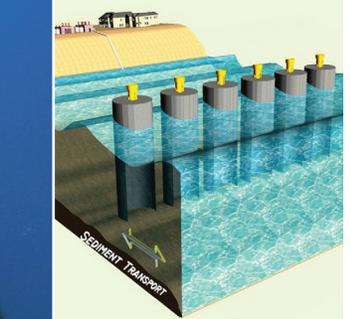

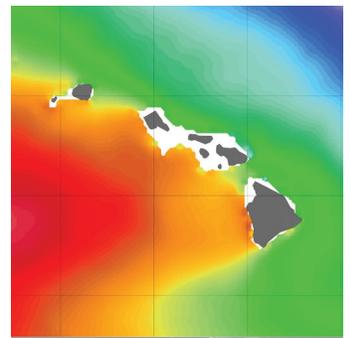

Department of Ocean and Resources Engineering
School of Ocean and Earth Science and Technology
University of Hawai'i at Mānoa

Areas of research

autonomous vehicles
coastal hazard mitigation
coastal sediment transport
hydrodynamics
marine forecast/hindcast
mobile platforms
marine sensors & sensing
navigation & communication
ocean acoustics
ocean observing
ocean renewable energy
ocean technology
offshore structures
remote sensing
underwater robotics
water wave mechanics

Application deadlines

January 15 for Fall admission
August 15 for Spring admission
