

UH Mānoa ADVANCE Institutional Transformation Working Sessions

Dr. Jenny Engels (engels@hawaii.edu)

Hawai‘i Institute of Geophysics and Planetology, SOEST, UHM

UH Mānoa ADVANCE Catalyst team

Dr. Jennifer Engels welcomes Keynote Speaker Linda Voong and attendees to the February 2024 *Equity-minded and Culturally Competent Hiring at UH Mānoa* working session. Image credit: Truc Nguyen.

The UHM ADVANCE Catalyst grant has conducted an institutional self-assessment. Now these data need to be reviewed and evaluated by Women-in-SOEST (WiS) and the UHM community to inform a 5-year faculty equity strategic plan for institutional transformation to support underrepresented STEM professionals on our campus. Funds will defray airfare for in-person participation by the ADVANCE Project Manager.
