Get a general idea of what you're interested in. Identify possible research topics or issues you care about.

Identify Mentor(s)
Semester 1 and/or 2
GES 100
Determine which UH Mānoa faculty may be working in this area. Reach out to them to discuss the possibility of working on their project and being mentored.

Submit Thesis Memo
Semester 3, 4, or 5
With your mentor, prepare a Thesis Memo that details your research objective(s), tasks involved, and timeline to complete the research project. Thesis Memo must be approved before you begin your project.

Begin Research!
Semester 5 and/or 6
GES 399 (optional)
Begin writing your thesis as you continue working on your research.

Write Thesis
Semester 6 and/or 7
GES 499
Submit Thesis and Present at Symposium
 Semester 5 and/or 6
GES 390
Submit Thesis and Present at Symposium
 Semester 8
GES 490
Present your findings at the GES Symposium!
