

ORE Student Presentations

**Andi Erickson, Nicholas Ulm, Giannicola Tumino Di Costanzo,
Julianne Kalksma, Shijie Huang, Kei Manabe,
Cameron Morrow, David Leyva, Stefan Mrozewski**

Zoom Meeting

**Wednesday, April 29
3:30 - 4:30 pm Seminar**

Abstract

Nine ORE graduate students will present as part of our new ORE seminar session “Improving effective communication skills”. Each student will present their research work or interest in about 3 minutes to a targeted audience. Topics include: El Niño southern oscillation, powering blue economy, ultra-short base line, photography for coastal research, multi-flow simulation, detecting spinner dolphin clicks, analysis of mooring line fatigue, choosing appropriate buoys for long-term time-series analysis, and factors affecting underwater laser Transmission. The targeted audience ranges from K1-12 students to researchers/fellow students to planners/politicians.
