SOEST Hosts 10th Open House

WHAT

The School of Ocean and Earth Science and Technology (SOEST) at the University of Hawaii will host its tenth biennial Open House. This free event features a diverse collection of hands-on demonstrations that highlight the Ocean, Earth, Atmosphere and Space Sciences and work in progress by our faculty, students, and staff. We expect approximately 4000 students on Friday; we would love your assistance in promoting this event for the public for Saturday.

WHEN

Friday October 19th, 8:30 am – 2 pm (Schools)
Saturday, October 20th, 10 am – 2 pm (Public)

WHERE

University of Hawaii Manoa Campus, in and around the Pacific Ocean Science & Technology (POST) building, the Marine Science Building, and the Hawaii Institute of Geophysics building.

PROGRAM

Activities will include interactive demonstrations, videos, poster presentations, laboratory tours, state-of-the-art computer animation, high-tech equipment displays, and creative learning activities for all.

For more information (including maps and programs), please see the Open House web site:

This event is free and open to the Public.

The School of Ocean and Earth Science and Technology at the University of Hawaii at Manoa was established by the Board of Regents of the University of Hawaii'i in 1988 in recognition of the need to realign and further strengthen the excellent education and research resources available within the University. SOEST brings together four academic departments, three research institutes, several federal cooperative programs, and support facilities of the highest quality in the nation to meet challenges in the ocean, earth and planetary sciences and technologies.
